A: An e-Bill is an electronic version of your monthly City of Naperville utility bill. An email is sent to you each month at your chosen email address to inform you that your newest e-Bill is available.

Q: How can I pay my e-Bill?

A: The City of Naperville offers many e-Bill payment options. Q: Do I need any special hardware or software to sign up for online bill payment?

A: You only need Internet access and your browser to use Naperville's eBill service. However, as of April 26, 2019, the City's third-party eBill software provider for utility bill payment will be increasing the security of its payment portal. After this date, eBill will support only operating systems and web browsers that use Transport Layer Security (TLS) version 1.2, a protocol used to transmit data securely over the Internet. Earlier TLS versions no longer meet industry best practices for secure transmission of financial information. To view the list of TLS 1.2 compatibility requirements, please visit www.naperville.il.us/contentassets/95aa7fc383474b23b8926a9407564257/ebill-compatibility.pdf.
