What is a premium?

A premium (also referred to as a contribution) is the cost you pay for health insurance, whether you use medical services or not. Premiums are deducted directly from your paycheck.

What is a deductible?

An amount you could owe during a coverage period (from **January – December** each year) for covered health care services before your plan begins to pay. An overall deductible applies to all or almost all covered items and services. A plan with an overall deductible may also have separate deductibles that apply to specific services or groups of services. A plan may also have only separate deductibles. (For example, if your deductible is \$1000, your plan won't pay anything until you've met your \$1000 deductible for covered health care services subject to the deductible.)

What is a copayment?

A fixed amount (for example, \$15) you pay for a covered health care service, usually when you receive the service (sometimes called "copay"). The amount can vary by the type of covered health care service.

What does coinsurance mean?

Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the allowed amount for the service. You generally pay coinsurance plus any deductibles you owe. (For example, if the health insurance or plan's allowed amount for an office visit is \$100 and you've met your deductible, your coinsurance payment of 20% would be \$20. The health insurance or plan pays the rest of the allowed amount.)

What counts toward my out-of-pocket maximum?

An out-of-pocket maximum is an annual cap on the dollar amount you are expected to pay out of your own pocket for services (including deductibles, copays, and coinsurance) throughout the plan year.

Once you meet the out-of-pocket amount, your insurance provider will cover 100% of remaining medical expenses for the year.

What is an HMO, PPO and PPO High Deductible?

HMO – When enrolled in an HMO plan, all care is directed by your selected Primary Care Physician (PCP). Referral is needed by PCP for any other care.

PPO – When enrolled in a PPO plan, you may seek treatment from any provider. Higher benefits are paid when using Blue Choice Options (BCO) and PPO network providers.

PPO High Deductible – On this plan, you may also seek treatment from any provider. Higher benefits are available when seeking treatment with BCO and PPO network providers. With this plan you also have the ability to open and make contributions to a Health Savings Account (HSA).

Eligibility

Who is Eligible?

You are eligible for City of Naperville benefits if you are an active employee working 30 or more hours per week. Part-time employees working 20 hours or more per week may also be eligible for benefits such as the EAP and MSA.

Your dependents are eligible if they are:

- Your legal spouse or civil union partner
- Your child(ren)* up to age 26
- Your disabled child(ren) up to any age (if disabled prior to age 19)*

** Includes natural, step, legally adopted/or a child placed for adoption, or a child under your legal guardianship.*

Termination of Coverage

If you or a covered dependent no longer meet the eligibility requirements or if your employment ceases, your medical, dental, vision, and Health Care FSA coverage will end on either the 15th or the last day of the month in which you become ineligible (depending on your last paycheck).

You may be eligible to elect COBRA for yourself and your eligible dependents for medical, dental, and vision coverage.

Life and AD&D coverage will end on the day you become ineligible. Your life coverages are convertible.

You are responsible for informing Human Resources within 30 days if any of your dependents become ineligible for benefits.

Annual Open Enrollment

You can enroll for benefits:

Proof of life events are subject to approval. Please reach out to your employer for specific documentation to be submitted for a qualified life event during the benefit year. Changes are effective prospectively unless the event is for birth, adoption, or placement for adoption.

- Social Security numbers for your dependents covered by the medical plan
- Dates of birth and your relationship to your dependents

Qualifying Life Event

- Deductibles and out-of-pocket maximums accumulate on a plan year which runs January 1 – December 31.

Where to Seek Care

MD Live (BCBSIL)

PPO and PPO High Deductible plans include MD Live visits, which provide 24-7-365 access to board-certified primary care doctors and pediatricians by secure video chat or phone. **For an illness or injury that is not an emergency**, MD Live's telemedicine program offers a **convenient, cost-effective alternative** to hospital emergency rooms and urgent care clinics.

MD Live is not intended to replace your relationship with your doctor, but rather provides access to healthcare when reaching the doctor is difficult or inconvenient.

Doctors in **MD Live** can diagnose, recommend treatment and write short-term prescriptions for minor, non-life-threatening conditions including, but not limited to:

- Acne
- Allergies
- Bronchitis
- Cold/Flu Symptoms
- Ear Infections
- Fever
- Headaches/Migraines
- Insect Bites
- Nausea/Stomach Aches
- Pink Eye
- Rash
- Sinus Infections

Behavioral Health Support

You can also access licensed therapists through **MD Live** for confidential counseling seven days a week to help with depression, anxiety, stress, family difficulties and more. Behavioral health telemedicine appointments must be scheduled.

There is no charge to set up your account, but you may have a charge for your visit, depending on your benefit plan.

Where to Seek Care (continued)

Emergency Care vs. Urgent Care

When you need help in a hurry, you have choices. Of course, when it's a **life-threatening problem**, you should call 911 or go straight to the nearest hospital emergency room (ER).

In the ER, true emergencies are treated first, so unless your life is in danger, you'll wait – sometimes for hours. The ER is also the most expensive option for care.

For non-life-threatening problems, options include:

- calling your doctor,
- accessing **MD Live** telemedicine services, or
- going to an urgent care center.

or

Go to Emergency Room

Heart attack or stroke

Chest pain or intense pain

Shortness of breath

Severe abdominal pain

Head injury or other major trauma

Loss of consciousness

Major burns or severe bleeding

One-sided weakness or numbness

Open fractures

Poisoning or suspected overdose

Go to Urgent Care

Moderate fever

Colds, cough or flu

Bruises and abrasions

Cuts and minor lacerations

Minor burns and skin irritations

Eye, ear, or skin infections

Sprains or strains

Possible fractures

Urinary tract infections

Respiratory infections

Health Savings Account (HSA)

If you elect the **PPO High Deductible** medical plan (a qualified high deductible plan) and you are *not* enrolled in disqualifying coverage elsewhere, you are eligible to contribute to a Health Savings Account through **HSA Bank**.

A Health Savings Account (HSA) is a tax-advantaged savings vehicle available to individuals covered by a High Deductible Health Plan (HDHP). Funds in the account are used to pay for qualified medical, dental and vision expenses.

An HSA is a great way to save for the future. You can set aside money from each paycheck now and save funds to cover healthcare expenses that come up later. Plus, your contributions are free from federal income tax, so you're stretching your healthcare dollars while lowering your taxable take-home pay amount.

City of Naperville will also make contributions to your HSA if you enroll in the **PPO High Deductible** plan. This is "free money" for you to use to pay for eligible healthcare expenses.

HSA funds can only be used for yourself, your spouse/civil union and your taxable dependents. Expenses for civil unions and/or other dependents who do **not** qualify as tax dependents are not reimbursable under the HSA.

Advantages

- Balance rolls over each year
- Tax savings — you do not pay federal tax* on:
 - Contributions to the account
 - Spending on qualified expenses
 - Interest that accrues
- Account belongs to you, even if you change medical plans next year or leave the City of Naperville; any money in the account is yours – no vesting
- Incentives: The City helps you build your account by offering a generous contribution in January and July and offers a matching contribution program.

* Tax treatment of HSAs for state tax purposes may vary by state

Distributions

- Money must be in the account to spend
- Funds can be used for you and your tax dependents' eligible expenses
- Use the funds (now or in the future) for eligible medical, dental or vision expenses, including coinsurance costs, prescriptions, glasses, orthodontia and more
- Use funds for over the counter medications
- 20% tax penalty applied if you are under age 65 and use the funds for non-eligible expenses
- At age 65, monies can be used for non-eligible health expenses with no penalty; normal income tax will apply
 - You can also pay for Medicare Part B premiums with your HSA funds

Health Savings Account (HSA)

(continued)

Funding and Enrolling in an HSA

You have the option to contribute to your HSA through pre-tax payroll contributions if you enroll in an HSA through HSABank.* You can change the amount you contribute to your HSA at any time during the plan year by logging into ESS.

To enroll in an HSA, you must enroll in the **PPO High Deductible** medical plan. You will then have to open your HSABank health savings account. You will receive instructions following enrollment on how to activate your account and establish a login and password. It is important to note that expenses are not eligible for reimbursement until your HSA has been established.

Once your HSA is opened, remember to designate a beneficiary for this account.

** You also can choose to open an HSA through another financial institution. However, you would have to make after-tax contributions; they would not be automatically deducted from your paycheck, and you would need to claim those contributions as a tax deduction when you file your taxes.*

Who Can Open an HSA?

You can contribute to an HSA if you:

- Are covered under an HSA-qualified high deductible health plan (HDHP).
- Are not enrolled in Medicare*, TRICARE or TRICARE for Life.
- Cannot be claimed as a dependent on someone else's tax return.
- Have not received Veterans Affairs (VA) benefits within the past 3 months.
- You (or your spouse) do not contribute to a Healthcare FSA.

** Enrollment in Medicare Part A may be retroactive by up to 6 months when you begin taking social security retirement after your Social Security Normal Retirement Age (SSNRA). This may affect your HSA eligibility.*

Other restrictions and exceptions may also apply. For more information, visit www.irs.gov/publications/p969/.

2025 HSA Contributions and Limits

Each year, you can contribute up to the IRS annual limit for HSAs (which includes City of Naperville's contribution). **2025 HSA annual contribution limits are \$4,300 for single coverage and \$8,550 for family coverage.**** City of Naperville will contribute to your HSA in January and July (this amount is prorated for new hires) and offers a matching contribution program. Matching Contribution is an annual election that will begin with your first contribution in 2025.

	City's Contribution	Employee's Contribution	Matching City Contribution	Total Annual Contribution
Employee Only	\$1,250	\$700	\$700	\$2,650
Employee + Spouse	\$2,500	\$1,300	\$1,300	\$5,100
Employee + Children	\$2,500	\$1,300	\$1,300	\$5,100
Family	\$2,800	\$1,500	\$1,500	\$5,800

** If you are age 55 or older, you may contribute an additional \$1,000 in catchup contributions.

IMPORTANT! If you use your HSA funds for non-qualified expenses, the purchase amount will be subject to tax, plus a 20% penalty if you are younger than age 65. To view a list of qualified expenses, visit <https://www.hsabank.com/hsabank/learning-center/irs-qualified-medical-expenses>

Flexible Spending Accounts (FSA)

An FSA (or flexible spending account) allows you to set aside money annually to cover the cost of qualified medical expenses. It's a lot like a savings account but used for qualified health-related costs. FSAs work on an annual plan year basis and are funded through regular payroll deductions on a pre-tax basis. Contribution toward the cost of coverage for your Domestic Partner's expenses under the FSA are generally not considered qualifying medical expenses.

Money cannot be transferred between the accounts (i.e., you cannot use money from your Health Care FSA to pay for dependent care expenses and vice versa). Additionally, all FSAs follow the "Use It or Lose It" rule. If you do not use the funds prior to the end of the plan year, you will forfeit the money.

The FSA plans are administered by **WEX Benefits**. To register and log into your FSA account, go to <https://wexhealthinc.custhelp.com/>.

When Using Your Medical and Prescription Plans

Use In-Network Doctors

By using in-network doctors, clinics, hospitals and pharmacies, you pay the lowest cost for care. When you visit out-of-network doctors, our health plan covers less of the cost.

Choose the Right Type of Care

When you need care, know your options. Urgent care centers, online doctor visits or a call to the medical plan nurse line can help save time and money.

Utilize [BlueAccess for Members](#) to determine the facility (freestanding imaging centers for MRIs, CT scans and other imaging) that would be the most cost effective.

Use Your Preventive Care Benefits

Most preventive care services are covered at 100% when you use in-network providers. Getting regular exams, screenings and immunizations can save you a lot of money in the long run by catching problems early or preventing them altogether.

Use Mail Order Rx Program

Rather than visiting a pharmacy month after month, save time by having the medication delivered to your home.

Through Prime Therapeutics (HMO) or CVS/Caremark (PPO/HDHP), you can also save money by getting up to a 90-day supply for less than what you would pay through a retail pharmacy. And because shipping is free, you'll also save on gas money!

Ask Your Doctor for Generic Drugs

The next time you need a prescription, ask your doctor if it is appropriate to use a generic drug rather than a brand name drug. Generic drugs contain the same active ingredients, are identical in dose, form and administrative method AND are less expensive than their brand name counterparts.

If you must take a brand name drug, ask your doctor for samples or coupons. Also check the drug manufacturer's website for available rebates and discounts.

Ask Your Pharmacy for the Cash Price

Call and ask your pharmacy for the cash price* of a prescription drug. Sometimes these prices are lower than the prescription drug plan copay.

* If you pay the lower cash price, the amount you pay will not apply toward your deductible or out-of-pocket maximum.

Life and AD&D Insurance

Basic Life/AD&D

Having appropriate life insurance coverage is a critical part of planning for your family's current and future financial needs. Proceeds from life insurance can help with salary replacement, mortgage protection, cost of childcare, debt repayment and children's education expenses.

City of Naperville provides Basic Life and AD&D insurance coverage of **1.5 times your salary** at no cost to you. The Basic Life and AD&D insurance program is administered by **Voya** and is paid for by City of Naperville. You are automatically enrolled in these benefits.

According to federal law, only the first \$50,000 of employer-paid life insurance is not taxable. Premium paid by City of Naperville for coverage levels over \$50,000 will be taxable to you and will be included on your year-end W-2 statement.

Reminder! Update your Beneficiaries!

Plan for your expected and unexpected life changes by ensuring you and your family are protected. Update your beneficiaries now and keep them current each year.

Voluntary Life Insurance

Voluntary Life

As a new hire, you can purchase Voluntary Life insurance for you, your legal spouse and dependent children (age 14 days to 19 years, and full-time students less than 23 years) **without providing medical information up to certain guarantee issue (GI) amounts** (see chart). If you leave the Company, this coverage can be taken with you.

Employee and spouse amounts applied for over the GI as a new hire will require you to provide Evidence of Insurability (EOI)[^] for review and approval by Voya.

Benefit amounts reduce at age 65. Please refer to the benefit summary for details.

If you elect not to enroll within 30 days of your date of hire, you will still be able to purchase coverage in the future. However, ALL amounts elected will be subject to the EOI requirements provision. At that time, if your EOI is not satisfactory to Voya Financial, you will not have Voluntary Life coverage.

Voluntary Life/AD&D Amounts Available	
Employee	Increments of \$10,000 up to \$500,000 Guarantee Issue*: \$150,000; \$80,000 age 60 and over

Child (14 days to 19 years)	Increments of \$2,000 up to \$10,000 Guarantee Issue*: \$10,000

To enroll in Voluntary Spouse and/or Child Life, you must be enrolled in Basic Employee Life.

** Guarantee issue is the amount of coverage you or your dependents can elect up to without medical questions. Guarantee issue is only available to newly benefit eligible employees.*

^ What is Evidence of Insurability (EOI)?

EOI is an application process through which you provide information on the condition of your health or your dependent's health in order to be considered for certain types of insurance coverage. EOI may be required for life and/or disability insurance elections.

Optional Protection Benefits

City of Naperville offers additional voluntary benefit plans through **UNUM**. These plans are **not medical insurance** and do not replace your medical coverage, but rather pay cash directly to you in addition to any benefits you receive from your health plan.

Insurance policies available for purchase (through after-tax payroll deductions) include **Whole Life Insurance, Individual STD, Critical Illness, and Accident**. These benefits may help fill the gap until you meet your medical plan deductible.

All UNUM benefit plans are portable, which means you can take these benefits with you if you leave the City of Naperville.

Rates are based on age, tobacco status and policy elected.

Individual Short-Term Disability

Short term disability (STD) insurance can replace a portion of your income while you are disabled.

STD benefits become payable when you are unable to work due to an injury or illness unrelated to work. If you remain disabled and meet the plan's disability requirements, you will continue to receive a percentage of your weekly earnings until the benefit duration has ended.

Critical Illness Insurance

This insurance **pays a lump-sum cash benefit** directly to the insured following the diagnosis of a covered critical illness or event, including (but not limited to), heart attack, kidney failure, stroke and major organ transplants.

The plan also provides a \$75 annual wellness benefit (per calendar year) for eligible health screenings and prevention measures. Since these screenings are often paid at 100% under the medical plan, you could walk away with cash in your pocket for practicing good preventive care.

Please refer to the UNUM benefit plan summaries for details and rates.

Whole Life Insurance

Whole life insurance can provide benefits to your loved ones if you die prematurely – and it provides coverage into your retirement years.

Please refer to the UNUM benefit plan summaries for details and rates.

Accident Insurance

Accident insurance **pays lump-sum benefit (based on type of injury sustained and treatment needed)** when you or your covered family members suffer injuries sustained in an accident. Covered injuries include fractures, burns, concussions, tears, lacerations, broken teeth and eye injuries.

Please refer to the UNUM benefit plan summaries for details and rates.
