

Tips for Applying

Residential High-Efficiency Air Conditioner Rebate Program

Naperville is offering residential electric customers a high-efficiency air conditioner rebate program for new units rated 15 Seasonal Energy Efficiency Ratio (SEER) or 14.3 SEER2 or higher.

Incentives for qualifying Central Air Conditioning (AC) units:

- \$300 – 15 SEER or 14.3 SEER2
- \$400 – 16 SEER or 15.3 SEER2
- \$600 – 18 SEER or 17.2 SEER2

Please submit the following items with your application.

- Documentation must include:
 - A copy of dated, itemized, paid purchase receipt.
 - Documentation from Manufacturer and Installer proving SEER or SEER2 rating of A/C unit with Model and Serial #.
 - AC Indoor Coil and model number of Furnace that AC is installed with.
 - Documentation from Manufacturer and Installer proving the cooling capacity and EER rating.
*Tip: Customers can get this information from the AHRI certificate (www.ahridirectory.org), their vendor, or owner's manual. **If EER rating is not provided, the utility will assume the lowest acceptable efficiency level i.e. EER 12.5***
 - Documentation from Installer proving date of installation.
 - A photo of the AC outdoor unit's serial number.
 - Appropriate AHRI certificate with model #'s of new AC unit, Indoor cased coil, and Furnace this new AC unit is installed with.
